TEW YO

Singapore | +65 9097 7792 | tewyo04@gmail.com | linkedin.com/in/tewyo | github.com/jeffvdia

Year 2 Nanyang Polytechnic Information Technology student who has contributed to team web applications, automated testing, and a client project. Seeking a software development or IT internship.

EDUCATION

Nanyang Polytechnic - Diploma in Information Technology | Apr 2025 - Apr 2028 (Expected)
Relevant coursework: Full Stack Application Development, Agile Development with DevOps, Cloud Computing, Data Structures & Algorithms, Database Design & Administration

TECHNICAL SKILLS & PROJECT TOOLS

Languages: JavaScript, Python, SQL, HTML/CSS
Web & backend: React, Node.js, Express, Flask, SQLAlchemy
Testing & tools: Vitest, React Testing Library, Pytest, Selenium, Git, GitLab CI/CD

PROJECTS

OneTC KPI Tracking & Sense-Making System - Client Team Project | React, Express, Vitest

- Worked with a client to clarify KPI tracking needs and presented the team's web application.
- Contributed the Departments/Teams feature, including project workload counts, search and sorting, linked-project views, and protection against deleting departments with assigned projects.
- Documented and tested the feature with 13 focused frontend tests and six department API tests.

SwapLah - NYP Student Marketplace (Team Project) | Flask, SQLAlchemy, Pytest, Selenium, GitLab CI/CD

- Owned account management, including profile view/edit flows, protected fields and routes, account API endpoints, and related tests.
- Contributed to GitLab CI/CD jobs for unit, API, and browser tests and security scans; the team's final verified suite passed 377 tests.

QueuePilot - Appointment & Queue Platform (Personal Project) | Next.js, TypeScript, PostgreSQL | Live demo

- Created an AI-assisted portfolio prototype with customer bookings, a live queue, and staff and admin workflows.
- Published a working demo; the repository includes 13 Playwright end-to-end tests for core booking, queue, and admin flows.

EXPERIENCE

Data Entry Assistant - Creative Beverage Ingredients Pte. Ltd. | May 2022 - Apr 2025

- Maintained and verified company data records, checked accuracy, and organised digital files.

Service Crew - Zensho Katsuan Singapore | Feb-Oct 2025

- Supported customers and teammates during daily food service operations.

MRT Crowd Marshall - Certis CISCO | Mar-Apr 2026

- Helped guide commuters and communicate directions during station operations.

CERTIFICATES & DIGITAL BADGES

IBM SkillsBuild - Web Development Fundamentals
IBM SkillsBuild - User Experience Design Fundamentals
Anthropic - AI Fluency: Framework & Foundations (Certificate of Completion)
